

Tattoo Deposit Policy

When you make a deposit, it confirms your commitment and allows me to dedicate the necessary time to create a custom design tailored specifically for you. This policy helps me maintain a professional standard and ensures that every client receives the attention and care they deserve. If you need to reschedule, please notify me at least 48 hours before your scheduled appointment, and we can work together to find a new date that suits you. However, please keep in mind that after the first reschedule, any further changes will require a new deposit. Thank you for your understanding and support of this policy. I look forward to working with you and creating an incredible tattoo that you will love! Please feel free to reach out if you have any questions or concerns regarding this policy or the tattoo process in general.
